

Child Development Educational Series

Cortical Visual Impairment

Please join us as pediatric optometrist Tiffany Yanase Park shares her expertise on Cortical Visual Impairment (CVI) in children. She will answer questions at the end of the lecture.

Dr. Park started the pediatric low vision service at the Loma Linda University Eye Institute. She is committed to helping every child with visual impairments construct a positive foundation in their schools and homes.

Date: Tuesday March 8th

Time: 7pm-8pm
